

Mining and Financial News

BY REVIEW LEASED WIRE

NEW YORK FINANCIAL

NEW YORK, Sept. 29. — Shorters made ineffectual efforts to depress prices in the stock market today, concentrating upon rails and speculative industrials. New York Central, St. Paul, Canadian Pacific and Delaware and Hudson were heaviest of the rails, rallied on strength shown by Union Pacific, Northern Pacific and minor issues.

United States Steel's reversal of 1 1/2 points were succeeded by a net gain of a moderate fraction and initial losses in coppers and equipments gave way to final advances of a point or thereabouts. Closing quotations were for the most part at the day's highest levels. Total sales, 225,000 shares.

Liberty bonds were again a noteworthy feature, many lots changing hands from par to the new high premium of 100.20, at which a few bonds sold for cash. The general market was irregular, total sales, par value, aggregating \$2,745,000.

United States bonds, old issues, were unchanged on call during the week. The weekly bank statement presented no features of especial interest, the actual of local institutions showing an expansion of \$46,000,000 in loans and a contraction of about \$5,750,000 in excess reserves.

GRAIN MARKET.

CHICAGO, Sept. 29.—Unexpected cool weather with frost indications for tonight encouraged corn buyers today. Largely as a result prices at the close although unsettled were 1/4 to 1/8 to 1 1/2 cent higher at 1.18 1/2 to 1.18 3/4 for December and 1.14 1/4 to 1.14 3/4 for May.

Oats finished unchanged to 1/4 higher, and provisions 12c declines to a rise of 7c. Investors who appeared to have been giving considerable attention to the feeding value of corn, compared with prices for livestock, took prompt notice of the chance that the prevailing wave of lower temperature might brighten about eleventh-hour damage to the corn crop. The country sold almost no corn; offerings everywhere were light. Oats hardened in response to continued demand from export interests.

Owing to the recent sharp advances, provisions encountered a decided lull.

NEW YORK, Sept. 28.—The market had a better tone in today's short session and prices were advanced in all directions. While the element seemed bearish inclined and may make a little more progress on the selling side, still signs are not lacking of a keen desire on the part of prominent financial interests to endeavor to stabilize things pending the flotation of the government loan. Accordingly we anticipate that the market will meet a rather fair sort of support on down-turns.

RECOVERS AFTER 20 YEARS OF SUFFERING

Gains 20 Pounds on Tanlac and Says She Now Feels Fine — Told She Could Not Live 3 Months.

"When they carried me to the hospital and I refused to be operated on, I was told I would not be alive three months longer, but since I got to taking Tanlac I have actually gained all of twenty pounds and my improvement is a surprise to lots of people who knew about my dreadful condition."

The above remarkable statement was made by Mrs. J. H. Spears, residing at 765 Crockett street, Memphis, Tenn., a few days ago.

"For twenty years," Mrs. Spears continued, "I suffered with a bad form of indigestion and the most painful form of cramping trouble in my side and back. Some said I had a floating kidney, some said neuralgia and others called it gall stones. I don't know what the trouble was, but anyhow I just can't describe the awful suffering I had to endure with these spells. I had no appetite at all, and everything I ate would sour on my stomach and form gas which caused a pain to start that would draw me double. The misery would begin in my back and then work up into my chest and make my heart flutter and palpitate until it would almost choke me to death. Many a night I have stayed awake and cried with pain and misery and I have even hobbled out of bed to sit on the doorstep, trying to get relief and I was so weak, especially in the mornings, I couldn't walk."

"I had no strength at all and frequently would have to have my breakfast brought to my bed, as I couldn't get up for it. My husband spent a small fortune trying to get me well but nothing helped me, so it was decided that an operation was necessary. I was so despondent that I felt I wouldn't live through it and refused to allow it."

"About this time Tanlac came to Memphis and though I didn't have much faith in any medicine, I tried a bottle of it and quit. Last September, my husband and I decided that I

should give it a thorough trial, and I began taking it again.

"Soon after I had taken the first bottle, I noticed my appetite begin to come back, and now, my husband says he will have to get a raise in salary to keep me in something to eat. I am so ravenously hungry all the time. I have gained so that I am about to outgrow my clothes and my strength is increasing every day. My stomach is perfectly well now and I haven't had one of those spells since last September. My back and side feel a great deal better and are improving all the time and I can sleep like a child at night. After my second bottle of Tanlac, I could go to the table for meals and now I frequently cook my Sunday dinners so the cook can go to church. Money just couldn't buy the good Tanlac has done me, and I can't praise it too much."

"Tanalac is sold in Bisbee by J. M. Ball, in Douglas by Douglas Drug Co., in Paradise by G. A. Walker, in Bowie by Bowie Drug Store, in San Simon by J. B. Cooke and in Wilcox by A. A. Nicholson."

JAPAN'S FLEET ENGAGED (?)

(By Review Leased Wire). VANCOUVER, B. C., Sept. 28.—The Canadian News, a Japanese daily published here, received a special cable from Tokyo today saying it was reported Japanese destroyers in a fight with German U-boats off the coast of Spain near Barcelona had sunk one submarine.

LEGAL NOTICES

NOTICE OF HEARING PETITION

In the Superior Court of the State of Arizona, in and for the County of Cochise.

In the matter of the estate of Andrew Hartman, deceased.

Notice is hereby given that George A. Bridge has filed in this Court a certain document purporting to be the last will and testament of Andrew Hartman, together with his petition praying that said document be admitted to probate in this Court as the last will and testament of said Andrew Hartman, who, said petitioner alleges, is deceased, and that letters of administration with the will annexed issue thereon to Francis E. Shine, and that the same will be heard on Saturday, the 6th day of October, A. D. 1917, at 10 o'clock in the forenoon of

Endorsed by Peerless Motor Car Co.

The above letter sent out from the factory to all Peerless dealers is an unsolicited testimonial to the perfect lubricating qualities of Zerolene. Less wear, more power, least carbon deposit—because correctly refined from California asphalt-base crude.

Dealers everywhere and at our service stations.
